CEW Leaders Program

An inspiring and empowering
pathway to enable women to
become unique and distinct
leaders of the future

Women Leaders empowering all women

Authentic leaders who lead with compassion, those that embrace ambiguity and those that seize every opportunity without reservation will be the next generation of executives.

Our aim is to provide a leadership development experience that empowers women to become those leaders and be ready to step forward with confidence.

CEW's Leaders Program is a bespoke development program encouraging women leaders to truly understand themselves. It is designed and facilitated by women who share their wisdom and lifelong experiences. It is independent, intimate, challenging, collegiate and reflective in nature. Learning happens through continuous dialogue and experimentation with new competencies.

If you are looking to accelerate the development of women in your organisation, create a truly diverse and inclusive working environment or looking to simply invest in your own leadership development, this program is the right choice.

CEW Leaders Program

Our alumna tell us that the interaction and dialogue between Participants, Facilitators and Speakers is key to this unique experience.

Working in small groups, exploring personal insights, understanding natural talents and making space for reflection are all crucial elements. This relationship-based approach is delivered in two face-to-face blocks, scheduled four to six weeks apart in Sydney, Melbourne, Brisbane and Perth. This format allows time for personal and collective reflection to sharpen the Participant's focus on action and commitment.

Participants will:

Amplify their strengths and recognise the power of complementary strengths in others	Develop new competencies and celebrate their own unique style of leadership	Empower themselves to lead effectively with influence and confidence
Activate their own leadership development journey	Act with self-awareness and commit to their own development	Build strong relationships with activated peer networks

We continually challenge ourselves to refresh the content every year with diverse CEW Members and speakers and new elements that reflect the needs of changing environments in corporate, public service, academic or not for profit organisations.

Feedback from our Participants is high and they provide us with a consistent NPS of 98. We see the positive impact of the Program in terms of their confidence and the benefit they and their organisation gained from the experience. In 2023, over 80 organisations supported their women leaders by enrolling them in the Program.*

CEW's members have leading roles within Australia's largest private and public organisations. They oversee more than 1.3 million employees and \$749 billion in revenue. Members' organisations have a combined market capitalization greater than \$1.144 trillion and contribute in excess of \$249 billion to Australia's GDP.

Since 1985 CEW has influenced and engaged all levels of Australian business and government to achieve gender balance. Through advocacy, research, targeted programs and scholarships, CEW helps to remove the barriers to women's progression and ensure equal opportunity for prosperity. CEW's members work actively to realise our vision of a community where women and men have equal economic and social choices and responsibilities.
